Favourably positioned between the Port Hills and the Pacific Ocean, and blessed with beautiful parks and gardens, Christchurch sits amid the Canterbury Plains that extend from the Southern Alps in the west to the sweeping beaches of the east coast.

After check in at your hotel, spend the afternoon exploring central Christchurch including the renowned Botanic Gardens, the adjacent Canterbury Museum and the magnificent Hagley Park, or take a relaxing punt on the Avon River. A stroll through the CBD rebuild zone reveals a fascinating contrast between advanced modern construction techniques and quaint colonial infrastructure.

On returning to your hotel, you will meet with your hunting guide and cover the key points of the expedition before concluding the day with a superb dinner at one of Christchurch's leading restaurants and an early night in preparation for the excitement ahead.
